APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

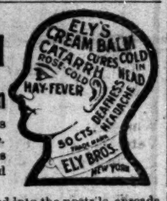
Nasal CATARRH
In all its stages.
Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

ELY BROTHERS, 56 Warren Street, New York.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol
Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

Sad Case of Miss Pemberton.

A commission of physicians yesterday examined Miss Charlena Pemberton, the girl who, on Monday night, shot her father, Dr. Henry P. Pemberton, at Long Branch, N. J., and decided that she was mentally unbalanced. She was at once taken to the State Hospital for the Insane, at Trenton.

It developed yesterday that immediately after shooting her father Monday night the girl went to the ocean beach, and there took off her clothing, as if to enter the water. Afterward she partly dressed and went to the house of her mother, Dr. Pemberton's divorced wife, with whom she makes her home. Part of her clothing was found on the beach yesterday.

Dr. Pemberton yesterday refused to make complaint against his daughter. He said he had no quarrel with her Monday, nor any warning that she intended to shoot him.

It is declared that Miss Pemberton, smiling, vivacious and happy though she has appeared, has been a heartbroken girl since her father brought suit for divorce against her mother, charging the mother with conduct that was calculated to impair her reputation and taint the names of the two Pemberton children.

Until the divorce action was aired in the courts the Pembertons held a high social position in Long Branch. Dr. Pemberton's practice was large. He was regarded as an excellent father and husband. Then, suddenly, in September, 1903, Dr. Pemberton filed suit for divorce from his wife. The charges he made were sensational.

Miss Pemberton furnished a pathetic picture when she was called to testify during the trial of the divorce in September, 1903. The first question asked of her referred to men named by Dr. Pemberton as corespondents.

Miss Pemberton had not uttered half a dozen words when she began to sob. She defended her mother's name against her father's attacks until she was overcome, and was excused from the stand.

Colored Barbeo Murdered.

With two bullet holes in his body, Willie Thomas, a negro barber at Newport News, was found dead in a vacant lot in the eastern section of the city Monday night. Pinned to his breast was this: "Notice to the police: This man will not bother my woman no more." On the other side of the paper was this inscription: "Yes, I ment to kill him and his uncle, A. L. Davenport, and the whole dam company of them if they don't stop." Yesterday the police arrested A. L. Davenport, an uncle of the murdered negro, charging him with the murder and with attempting to fix the crime upon another negro. A negro boy, yesterday morning, handed a note to Chief of Police Reynolds, addressed to "Lawyer Newsome," a negro attorney of Newport News. The handwriting so closely resembled that of the note found on the dead man that the chief opened the note and found that it called upon Newsome to prosecute Sam Thomas for killing Davenport's "dear nephew." Later, it was discovered that the murdered man carried a life insurance policy for $1,000, payable to the elder Davenport and the police assert that this was the motive for the murder.

Ninety Murders on Docket.

Ninety murderers now in the Cook county, Illinois, jail, who have been smoking cigarettes and laughing at the delays and quibbles of the law, will receive a rude awakening. Plans were perfected in Chicago to rush all of them to trial within the next 10 days.

Alarmed by the unprecedented reign of crime and the fact that more than 1,100 indicted criminals are walking the streets unmolested, the State's attorney yesterday secured four additional judges, who will hear murder cases exclusively until the docket is cleared.

Next week will be known as "murder week" in the annals of the Criminal Court. Perhaps the trial of Richard Ivens, charged with the murder of Mrs. Hollister, will attract more attention than any of the others, although there are many atrocious crimes in the 90 to be recited in court.

An especial effort will be made to secure the death penalty in all cases in which the murdered persons were victims of holdups and footpads, or where women were murdered, as in the Hollister case.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for the trouble from which I suffered. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley, of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound. To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Negro Cut Woman's Throat.

Mrs. Nina May Dupree, 20 years old, who lives at the house of W. H. Grogan, a prosperous farmer, about six miles from Atlanta, Ga., was assaulted yesterday afternoon by a negro, who cut her throat and left her in a dying condition from loss of blood and nervous excitement. The negro escaped. A posse of more than 100 citizens with track hounds was after the negro last night, and if he is captured he will in all probability be summarily lynched. The assault occurred sometime between 1 and 4 o'clock yesterday afternoon. Mr. Grogan and his wife, returning home from Atlanta at the latter hour, found her lying in the dining-room in a pool of her own blood. Physicians who were immediately summoned despaired of her life. She described her assailant as a tall, black negro. Her former home was Columbus, Ga.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bott'e free.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

OFFICIAL.

ATTENTION IS CALLED to a portion of an ordinance in effect April 11, 1902, which reads as follows:

Section 2. Be it further ordained, that ashes and house waste as hereinbefore defined, and when unmixed with other matter, shall be removed from dwellings, stores, offices, hotels and churches at the expense of the City Council and under the direction of the Committee on Streets and the City Engineer; provided that owners or occupants of the premises shall put the ashes and house waste in tight, strong boxes, barrels or receptacles which can be handled by one man (the capacity of said boxes, barrels or receptacles not to exceed thirty (30) gallons each or the size of an ordinary flour barrel) and place the same in the most accessible place on the premises and not exceeding thirty (30) feet from the street or alley.

Attention is also called to a portion of an ordinance passed at the same time, which reads as follows:

Section 1. Be it ordained by the City Council of Alexandria, that it shall be unlawful for any person, firm or corporation to throw, deposit, scatter or leave, or cause to be thrown, deposited, scattered or left, any ashes, house waste, rubbish, litter, vegetable matter, garbage, paper or refuse of any kind, or any dead animal or putrescible matter of any sort, or to leave ash or house waste receptacles, boxes or barrel on any street, sidewalk, alley or parking in this city.

Section 2. Any person violating the provisions of this ordinance shall forfeit and pay a fine of not less than one or more than five dollars, which fine shall be collected as other fines are collected and paid into the City Treasury.

Persons who have complied with the terms of these ordinances are entitled to satisfactory services as to the removal of ashes, &c. Failure on the part of the ash collectors to make proper and satisfactory collections should be reported promptly to the City Engineer by telephone or mail. Undoubtedly some complaints are well founded, but some are caused by failure on the part of citizens to comply with the terms of the above ordinances to which their attention has possibly not been called.

It is the desire of the City Engineer and Committee on Streets to give the best possible service with the comparatively small sum appropriated for this purpose, and co operation rather than criticism will do much towards producing good results.

Chairman Committee on Streets.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JAN. 31, 1906.

CIDER manufacturers and apple growers throughout the State are naturally up in arms against the proposition of the Anti-Saloon League to require this beverage to be sold only by those holding liquor licenses. They maintain, and rightly, that the move is not taxation but prohibition—that it practically means an end of the industry in Virginia. The new scheme would require the city retail and wholesale grocer, as well as the country merchant to procure liquor licenses which, of course, they would not do, and thus thousands of people would be denied the privilege of purchasing and drinking this wholesome and refreshing beverage which every true Virginian loves. Apple growers too are materially affected by the proposed law, as they now sell thousands and thousands of bushels of apples to the cider manufacturers. The fruit thus disposed of is of an inferior quality and could not otherwise be put on the market. Already the orchard men and the cider makers are organizing for the fray and will appear with a united front in opposition to the bill which should find no support in the Virginia Legislature.

NOTWITHSTANDING the President's openly expressed desire to the contrary, it is stated authoritatively that no considerable part of the work of construction of the Panama canal will be let at contract within the next two or three years, at least. It is given out that "after consideration of the proposition to have all of the work done by contract, and having in mind the experience of the engineers who sought to have the dredging of Christobal harbor done by contract at a reasonable price, the officials responsible for the canal construction have decided that the contract system is not feasible at present." The reason for this change, if it is a change, is plain. There will be much more graft for those on the inside if the government does the work, than there would be if the canal were built by contract.

THE cost per capita of treating patients in the Government Asylum for the Insane is $220, while the expense in other institutions throughout the country ranges as low as $75, according to statements made in a paper on "The Care and Treatment of the Insane" read Monday evening before the Medical and Surgical Society in Washington, by Dr. Charles M. Emmons. But when the government pays the bills it seems to be nobody's business to keep expenses even with in reasonable bounds.

DR. JACOBS, of Brussels, the renowned specialist on cancerous diseases, has announced the results of his recent experiments, which interested the entire medical profession. He says that cancer is caused by bacteria, and that the cure lies in vaccination. But there are few who would risk having cancerous matter injected into their bodies in the hope of warding off cancer.

EX-PRESIDENT CLEVELAND, addressing the Medical Society of the State of New York, at Albany last night, said that the millions of patients in the United States needed a little less professionalism and a little more sympathy. And he might have added a little more common sense treatment.

THOUGH the President directed the Interstate Commerce Commission to furnish the House all the information it has relative to the Pennsylvania Railroad combination it is now said that he does not favor radical action against the alleged "combine." This provokes the inquiry, Is he trimming?

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 31.

The last quartette of U. S. Army officers who served their apprenticeship in the civil war are now approaching the pinnacle of rank to which an American officer can achieve. In fact, Lieut. General Adna R. Chaffee has already gotten there and tomorrow goes upon the retired list. He will be succeeded in the rank of lieutenant general by Major General John C. Bates, who in turn will be followed by Major General Henry C. Corbin and Major General Arthur MacArthur. When these soldiers shall have relinquished their active duty, the military head of the army will have to be chosen from the ranks of those officers whose training has been in the military academy, on the western plains, in Cuba and the Philippines, with possibility that some officer may reach the grade who followed Chaffee in the Perkin campaign. But no officer will be found in the active list ranking a lieutenant-generalship who may claim the prestige and experience of the great battles of the war between the states.

Judge W. J. Calhoun, the special commissioner who investigated the claims of American concessionaries in Venezuela, is in Washington. He conferred today with Secretary Root and Assistant Secretary Bacon, presumably in oral explanation of some of the circumstances surrounding his work in Venezuela and the preparation of his report, which is now in the hands of the secretary. There is small likelihood that the contents of the report will become public property very soon. There have been rumors to the effect that Judge Calhoun's report is all in Castro's favor on the New York and Bermudez Co. asphalt claim. Positive information on this point is lacking now as it was before Mr. Calhoun had completed his report.

The Senate committee on Foreign relations this morning took up the South-Dakota treaty. Secretary of State Root was examined regarding the negotiation of the instrument.

President Roosevelt received a visit this morning from Robert Todd, mayor of San Juan and Tulio Larrinaga, the resident commissioner from Porto Rico. Mr. Todd is in this country making an appeal on behalf of the islanders for more home rule. "We ought to have an elective Senate," said Mayor Todd. "Until we are allowed to elect our own representatives in the island congress we will not have very much of a voice in affairs. We have received considerable encouragement from the President and prominent members of Congress and hope to win out in the end."

Hon. James McMullen, a member of the Canadian Senate, was one of President Roosevelt's visitors today. Just as he was leaving the White House with Senator Warner, of Missouri, the distinguished Canadian nearly collided with Speaker Cannon, who was making his way through the door. "This is our Speaker," exclaimed Senator Warner. "An introduction is hardly needed," retorted Senator McMullen, "we all know Speaker Cannon up in Canada just about as well as you do here." Senator McMullen said that the people of Canada have ceased to appeal for reciprocity with the United States and that the subject is scarcely ever mentioned nowadays. "We have established our own markets in Great Britain" said Senator McMullen, "and through the use of refrigerator ships are able to put our fruits and our meat right down at the door of the British consumers. If we established any sort of a reciprocal trade arrangement with the United States, it would change our relations with our home folks in England, something that we do not want to do."

The House committee on elections today authorized Chairman Mann, of Illinois, to take the testimony on behalf of the Protestants in the case against Congressman Michalek, of Chicago, whose seat is contested on the alleged ground that he is not a citizen at Chicago, in room 906, at 59 Clark street, beginning at 10 a. m. February 8. Mr. Mann will be accompanied by Representative Wood, dem., Missouri, who is himself the contestee in a dispute involving the right to his seat.

Senator Patterson's speech in the Senate today favoring the policy of the administration in Santo Domingo, and foreshadowing his support of the pending treaty with that republic, came as a good deal of surprise to his colleagues. It is the first democratic speech on that side of the question. It is believed to indicate that the President has won out on his Dominican policy, and that the treaty will be ratified. It is known that there are several other democratic Senators who are weakening, and are likely to be drawn over to the President's side. The democratic leaders suffered a considerable shock because of the Colorado man's speech and they propose to take energetic measures to prevent further desertions from their ranks.

Jacob Riis called at the White House this morning and after his conference with the President nominated Mr. Roosevelt for mayor of New York. "I don't want to say a darned word about the third term business," exclaimed Mr. Riis. "There has already been too much said about that anyway. I had no idea in the world that I said so many horrible things up in the northwest the other day. Why I never said one of them. Do you think I am altogether a fool? What I would like to see the President do after the completion of his term would be to go to Congress or run for mayor of New York. He ran once back in the '80's, you know, and was beaten. That was the only office that he was ever beaten for."

The President sent the following nominations to the Senate today: To be third secretary of embassy, U. Grant Smith, of Pennsylvania, to Great Britain; to be consul general at Hong Kong, Amos P. Wilder, of Wisconsin; to be consuls: Maxwell Blake, of Missouri, at Funchal, Madeira; George M. Hotschick, of Wisconsin, at Trieste, Austria; to be rear admiral, Capt. Chas. H. Stockton; to be United States attorney for the western district of Michigan, George G. Covell; to be collector of customs for the district of Galveston, Texas, Francis L. Lee.

Director S. N. D. North, of the Census Bureau, is angry with the attempt of southern cotton men to discredit the figures his bureau has given out in regard to the cotton ginned this season. He wants Congress to make no more appropriations for his bureau to collect and publish further statistics on this subject.

Burns Out His Eyes.

A remarkable story of a "nerveless" soldier who chose to undergo terrible agonies and ultimate blindness rather than perform a disagreeable task has come to light at Tunis. The soldier, whose name is Delbasse, is in the French disciplinary battalion. He has been ordered to work on the roads, and in order to get out of this he asked his comrade, Pape, to blind him in one eye. This Pape did by thrusting in a red-hot knitting needle while Delbasse sat stoically in his chair. Delbasse told his officers that he had blinded himself by accident with a piece of broken glass, but the doctor discovered that the wound had been purposely inflicted. Delbasse escaped with a reprimand and was sent back to work. He then asked Pape to blind his other eye, and Pape again used the red-hot knitting needle. Delbasse was then totally blind, and was sent to the hospital. He has been dismissed from the army. Pape was court-martialed, and was sentenced to eight years' hard labor at Tunis.

A Schoolboy's Crime.

Judge Hanckel decided in Norfolk yesterday that under the Virginia statute forgery cannot be committed as a crime except where the name of another is signed to a paper which subjects the person whose name is forged to a pecuniary liability, and as a result O. M. Baldinger, a schoolboy, twice convicted of forging registration transfers in an effort to change the result of a democratic primary election in Norfolk and given two years in the penitentiary, escaped his sentence.

The court held him for altering registration books, which is only a misdemeanor, and Baldinger, pleading guilty, was given 10 days in jail and fined $100 and costs.

COURT OF APPEALS.

Proceedings of the Court of Appeals yesterday:

Wilkie vs. Richmond Traction Company. Argued and submitted.

Norfolk, Portsmouth and Newport News Company vs. City of Norfolk. Argued and continued.

Mr. David B. Hill, who is ill, has gone to Camden, S. C., for his health.

News of the Day.

Miss Roosevelt's first wedding present consisted of a batch of large turnips sent by a Kansas farmer.

The Senate yesterday passed the consular reorganization bill which, in an amended form, was reported from the committeee on foreign relations.

Lieut. Gen. A. R. Chaffee will be placed on the retired list of the army tomorrow at his own request after forty-five years' military service.

King Edward will open Parliament in person, but the queen will not be present, and the state pageantry will be curtailed as the result of the death of King Christian.

Justice Gildersleeve, of the Supreme Court in New York, decided that H. H. Rogers need not answer the questions put to him by Attorney General Hadley, of Missouri, in the Standard Oil investigation.

Rev. J. C. Hartzell, Methodist Episcopal bishop of South Africa, has been at Oxford University meeting the Rhodes scholars from the United States. He believes Rhodes' plan will exert a powerful influence in unifying the English speaking races.

Dr. Thomas F. Gibbs, formerly grand master of the District of Columbia Grand Lodge of Masons and past grand high priest of the same order, died yesterday in Washington. He was a native of Massachusetts, having been born in that State in 1837.

Senator Gorman is again quite sick in Washington. He has not been out of his house for a week and the past few days he has again been confined to his room. It is explained that Senator Gorman is suffering from the grip. Early in the session of Congress last December Mr. Gorman was seized with an attack of grip which kept him in bed for several days, and the return of his trouble has caused his friends no little anxiety.

A plot to kill Russian General Sollogub and other officials has been discovered and arms are alleged to have been found in a synagogue. The sentinels at the jail in Riga were killed by a mob and the political prisoners freed. The body of General Graiznoff, aide to the Viceroy of the Caucasus, was blown to pieces by the bomb hurled at him. The Jewish conference at Brussels was told there is little hope of improving the condition of the Jews in Russia.

Virginia News.

Ambrose H. Lindsay, a prominent citizen of Portsmouth, died yesterday as the result of a surgical operation. Mr. Lindsay was in the seventy-fifth year of his age.

Mrs. Mary Virginia Richardson, widow of Webster Richardson, died at her home at Berryville yesterday, aged 56 years. Mrs. Richardson was the daughter of the late James Hardesty, of Clarke county.

The finance committee of the City Council of Winchester yesterday burned $12,000 of 4 per cent. redemption bonds of the $30,000 issued January 1, 1905. The bonds were bought with the proceeds of a recent sale of Cumberland Valley C Railroad stock to the Cumberland Valley Company.

Miss Nannie Poythress Tabb, daughter of the late John P. Tabb, of Richmond, and Mr. Caspar Walke, of Richmond, were married yesterday afternoon at the home of the bride, 1725 Madison avenue, Baltimore. The ceremony was performed by Rev. Dr. William M. Dame, rector of Memorial Episcopal Church.

Henry White, son of Mr. and Mrs. H. Baker White, of South Norfolk, was shot in the thigh about two weeks ago. He is critically ill at the Protestant Hospital, lockjaw having set in. There is little hope of his recovery. The bullet which entered the boy's body was fired from a toy pistol by a playmate through accident.

A charter has been granted to the Kanawha Lumber Corporation of Leesburg. The officers are W. S. Lewis, president, Leesburg; George F. Buell, secretary and treasurer, Conway, S. C. The capital stock is: Maximum, $100,000; minimum, $30,000. The object is to to do a general timber and lumber business.

The State Corporation Commission yesterday allowed the petition of the Virginia and Carolina Coast, the Suffolk and Carolina, and the Carolina Coast railways and granted them a charter for a railway company made up of the three, to be known as the Virginia and Carolina Coast Railroad Company. The capital of the merged corporation is to be $7,500,000.

Dr. Alderman, president of the University of Virginia, last night in Richmond made an eloquent appeal to the Legislature for the universtity. He stirred the legislators and his distinguished audience to enthusiasm while asking a big increase in the appropiation. The hall was crowded with people who applauded long and eloquently as he spoke of the work done by the famous old school.

Capt. E. W. Jones, convicted of the murder of Maud Cameron Robinson, formerly of Selma, N. C., whose head he almost severed with a razor, which he afterward used in cutting his own throat, was yesterday in Norfolk denied a new trial by Judge Hanckel and sentenced to eighteen years in the penitentiary. The sentence, however, was suspended for thirty days to allow counsel for the defense time in which to appeal the case to the supreme court.

Business is humming at the Richmond branch of the American Locomotive Works, and the force is being constantly increased. The larger part of a contract for 75 big locomotives for the Norfolk and Western will be filled in Richmond. The Virginia-Carolina Coast Railway, which filed papers of consolidation Monday, have just placed an order with the Richmond branch for seven locomotives, and the Kansas City Southern for 15 of the consolidated type. All these, with other small orders, are for delivery during the summer.

Mayor McCarthy, of Richmond, was vindicated in the Police Court yesterday, when Justice Crutchfield fined Frank Ferrandini $50 and sentenced him to jail for one day on the charge of exhibiting indecent pictures at the Penny Arcade. This case was primarily the cause of the contempt charge against Mayor McCarthy in the Police Court, when he called a reporter of an afternoon paper an "infamous liar" and was subsequently fined $20. Monday the Police Justice, Commonwealth's Attorney Fowlks and Rev. Mr. Atkins, forming a committee of investigation, viewed the pictures, and yesterday's decision was the result.

THE LEGISLATURE.

SENATE.

Senator Machen yesterday offered a joint resolution providing that in order to give the legislature opportunity to clear the calendar of the great mass of bills already on it that no more bills be offered after February 15. After discussion it was amended so as to fix the date February 20. The Senate refused to go into immediate consideration of the resolution.

Senator Pattison introduced a joint resolution for an investigation of the affairs of the State Board of Agriculture. He also introduced his resolution inquiring of Senators Daniel and Martin what action they had taken in regard to the request of the legislature to secure an amendment to the federal constitution so as to elect United States senators by direct vote of the people, also a resolution renewing the request.

The matter of engrossing the bill making an appropriation for the care of the graves of Confederates veterans brought forth a spirited debate. Senator Sadler made a fight against making an appropriation from the State treasury. He did not wish to be understood as opposing the work of the memorial associations of the State; he commended the patriotism of the people; but he was convinced that it was unconstitutional, and for that reason he had voted against the bill. He believed the law could be so amended as to allow the money to come from the counties and cities, without its coming from the State. The bill was ordered to its engrossment by a practically unanimous vote.

The following bills were introduced:

To prevent the shooting of pigeons, fowls, or other birds for amusement.

To amend and re-enact sections 10, 11 and 12 of an act to provide the establishment, construction and permanent improvement of public roads and landings.

To increase the annual appropriations for the support of the Virginia Polytechnic Institute.

The Senate, in executive session, declined to take up the nominations of E. H. Clowes as member of the board of visitors of the Eastern State Hospital, and R. Hunter Beasley, of South Boston, as trustee of the State Normal School at Farmville. This is believed to be the end of the matter, and their successors will be named by Governor-elect Swanson during his term. The appointments of county school superintendents to the number of 70 were taken up and confirmed.

HOUSE.

Mr. Massie secured a victory yesterday when the committee on courts of justice favorably reported the Torren's system bill. Every member, however, reserved the right to offer amendments or to oppose it if they see fit when it comes before the House. A minority report was later made opposing the bill.

Mr. Barrett put before the roads committee a bill to require street railway companies to provide separate cars for white and colored passengers. There was much argument on both sides. The bill was, however, favorably reported without amendment.

Bills were introduced:

To compel all trustees under deeds of assignment on deeds of trust to secure or pay creditors, to give bond and file an inventory.

To amend section 444 of the code, in relation to how and when erroneous assessments of land corrected.

To amend the code, section 623, in relation to the collection of taxes and liens and distraining therefor.

To amend the act concerning public service corporations.

By Mr. Johnson: To increase the annual appropriations for the support of the Virginia-Polytechnic Institute and to provide additional appropriations therefor; increasing annual appropriation from $40,000 to $55,000; also $20,000 to meet deficit in current expenses, also $150,000 for buildings, equipment and improvements.

By Mr. Churchman: To request the corporation commission to fix and prescribe rates for passenger travel by transportation companies or corporations in this State, and making it unlawful for such companies to charge an excess sum over and above certain rates until rates are prescribed by the State Corporation Commission and providing a penalty for violation of same.

To regulate the sale of morphine cocaine and other poisonous drugs; to regulate the issuance of prescriptions for such drugs; to require persons selling such drugs upon prescription to file same and keep it subject to the inspection of proper authorities; and to provide penalties for the violation thereof.

Accident on Seaboard Air Line.

North-bound passenger train No. 66 and a south-bound extra freight on the Seaboard Air Line collided head-on fifteen miles north of Columbia, S. C., at 7:30 o'clock yesterday morning, and four men are dead and three are injured.

The freight train was at Blaneys, with orders to wait for the Florida flyer. According to the statements of those on the passenger train the wreck was caused by a general misunderstanding of orders. The regular passenger train left Columbia one hour late. The Florida flyer passed the freight at Blaneys, and it is believed that Engineer Smeck, in charge of the freight, thought that there was a clear road ahead. He pulled out of the siding with twenty cars attached, just as the passenger train rounded a curve. It was too late to stop the freight.

Engineer Robinson, of the passenger train, applied his air-brakes, and the train was brought up with a jerk, throwing all of the passengers out of their seats. It was due to this action of Engineer Robinson that the lives of the passengers were saved.

The mail car was the only one of the passenger train demolished. Mail Clerk H. A. Pattillo was buried under the wreckage and instantly killed. Engineer Smeck and Fireman White, the latter colored, and Postal Clerk Watkins were also killed.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GOVERNOR'S INAUGURATION.

The inauguration of the new State administration at noon tomorrow is the topic of the hour in legislative and political circles, and while the ceremonies incident thereto will be simple and unostentatious in keeping with the wishes of Governor-elect Swanson, the occasion will at the same time be full of public interest.

Governor-elect and Mrs. Swanson arrived last night from Washington and are at the Jefferson, where they will remain until tomorrow. The new executive is in fine spirits, and talked last night in the most democratic and unassuming manner with those about him in the lobby. He was met by his secretary, Mr. Ben. P. Owen, jr.; his brother-in-law, Captain Cunningham Hall, members of the joint inaugural committee, Mayor George M. Helms and several other personal friends.

Shortly after his arrival Governor and Mrs. Swanson were joined by Hon. Richard Evelyn Byrd and Mrs. Byrd, of Winchester. The joint committee held a brief conference with Mr. Swanson and the details of the inaugural programme were gone over and but few changes made. The committee will meet at 9:30 o'clock this morning to finally arrange for the ceremonies.

The programme will be about as heretofore outlined.

The two houses will meet at 11:30 tomorrow, in order that the joint session may be held at noon. Governor Montague will escort his successor into the hall of the House at the latter hour, and they will be received by the members, standing. Prayer will be offered by Rev. J. Sidney Peters, and the oath will be administered to the new executive by Judge Stafford G. Whittle, of the Supreme Court.

Governor Swanson will then read his inaugural address, outlining the policies of his administration, and will at once assume the duties of office.

The joint committee will arrange reserved seats for the families and friends of the two Governors, the members of the Supreme Court and other distinguished persons. A large number of prominent men and women are expected from different sections of the State, and the hall of the House will be overtaxed to seat those who will be present.

Immediately after the ceremonies at the Capitol Governor Swanson will receive legislators, State and city officials, and such others as may desire to call at the mansion from 2 to 4 o'clock p. m., and from 9 to 11 p. m. he will be the guest of Lieutenant-Governor Ellyson, who will be inducted into office immediately following the inauguration of Mr. Swanson.

The joint committee having charge of the inaugural ceremonies is as follows: Senators Charles J. Anderson, J. Lawrence Campbell, W. A. Garrett, Delegates E. E. Green, Charles T. Bland, N. E. Spessard, C. C. Taliaferro and M. B. Booker.

The mansion is being made ready for the change of occupants, and Governor and Mrs. Montague will have practically finished moving into their Grove avenue residence by tonight, though they will not actually leave until tomorrow.—[Richmond Times-Dispatch.

Rare Oriental Gifts.

Washington, Jan. 31.—It is learned at the Chinese Legation that the gifts which are coming to the White House bride from the Dowager Empress of China will be sent in a magnificent dower chest of carved teakwood, bound in silver. There will be a costly ermine robe, rare perfumes and spices and embroidered silks. But in addition to these treasures the chest will be a possession which any woman might envy Miss Roosevelt. A real dower chest such as Chinese granddames use contains countless little secret places where jewels may be safely stored without fear of thieves or meddlesome hands. These are receptacles for fine garments and such trifles as women love to hoard. The chest will be sent from Pekin to the Chinese Minister and by him will be presented to the bride. In the showing which is being made by kings and potentates, and by cities and States the American farmer does not propose to be eclipsed. Some of the advance gifts which are arriving at the White House prove the interest which the natives in the grain belt are taking in the nuptials. There came from an ambitious Kansas farmer yesterday a brate of turnips, which he says are the largest ever raised in the State or in any other State, and he thought they would keep well enough to be used for the wedding feast. Tremendous potatoes have arrived from Montana, and from letters which have been received it is believed that every farmer who has raised anything phenomenal is going to send it to be used for the wedding feast. Each of the gifts is formally acknowledged, but no promises are made as to the ultimate fate of the giant vegetables.

Accidents to Trains.

Schenectady, N. Y., Jan. 31.—A passenger train on the Delaware & Hudson Railroad, due in this city at 6:50 a. m., collided with a work train about a mile east of this city this morning. One man was killed and nine persons injured.

Trenton, N. J., Jan. 31.—All traffic on the New York division of the Pennsylvania Railroad was blocked from shortly after three o'clock until nearly eight o'clock this morning by a serious freight wreck at Lawrence station, near this city. An axle of a freight car broke and part of the train was piled up as well as thrown across an adjoining track. Another freight train ran into the wreckage, and twenty cars were scattered about all four tracks, completely blocking the line. Flagmen were immediately sent out and passenger trains as well as other freights were warned in time to prevent further accidents. No one was seriously hurt.

New York Stock Market.

New York, Jan. 31.—The stock market had one of the wildest openings in a long period, gains ranging from one to over three points in a large number of the stocks traded in. In a number of issues the crowd was so large and the buying so urgent that sales were made at widely different prices. The widest opening and the most excited was in Reading. There has been buying of the best character all around the room. In the last few minutes the decreased offers and increased demand have caused another upturn that carried prices in some cases above the opening figures.

Today's Telegraphic News

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Jan. 31.—Mr. Machen got through a resolution in the Senate today cutting off the introduction of bills after February 25.

Great preparations are being made for the inauguration tomorrow and the city is crowded with out-of-town people.

The Railroad Rate Bill.

Washington, D. C., Jan. 31.—Although the Hepburn railroad rate bill now before the House of Representatives has the unanimous support of the House committee on interstate and foreign commerce and will pass the House with but little opposition, there are yet a number of members on the republican side who view the measure with distrust and suspicion and are not prepared to cast their votes for it. In the week of debate which is to follow, speeches in opposition will be made by Representative McCall, of Massachusetts, Sibley, of Pennsylvania, and others.

Representative Bartlett, of Georgia, was the principal speaker on the democratic side. He dealt heavy blows to the "corporations who through the press and the briefs of their employed attorneys assail the effort now being made to relieve the people," by endeavoring to brand it as "violation of the right of the States and an infringement of the right of private property." Addressing himself to the enemies of railroad regulation, he said in conclusion: "Defeat this legislation and the people will rise in their might and be triumphant; the man or party that stands in its way, will be swept out of their path."

Affairs in Russia

Glasgow, Scotland, Jan. 31.—A dispatch to the Herald from St. Petersburg says that 20,000 liberals who returned to Russia trusting that they would be immune from arrest under the Czar's amnesty manifesto, have been thrown into prison and will be exiled for from five to ten years.

St. Petersburg, Jan. 31.—The whole Baltic coast is now strongly guarded by soldiers to prevent the importation of arms into the country. Despite all the precautions which have been taken, however, it is known that a quantity of dynamite has been smuggled into St. Petersburg.

The correspondent of the Publishers' Press is reliably informed that the council of ministers is badly split over the question of what rights, if any, shall be granted to the Jews, and because of the differences of opinion which prevail, the reaching of a decision as to what course is to be pursued is uncertain at present.

Population Revolted

Lisbon, Jan. 31.—Owing to the Archbishop of Guarda desiring to displace a popular priest in the town of Sabugal, the whole population revolted and besides doing other damage they broke the windows in all the public buildings. Twenty soldiers were sent to the place to restore order, but the excited people met them with showers of stones and other missiles. The troops fired into the mob, with the result that seven persons were killed and many others were injured. The people then pelted the soldiers from roofs and windows of houses, and when their ammunition had been exhausted the whole population overwhelmed the troops, compelling them to retire.

Boy Kills His Mother.

Campton, Ky., Jan. 31.—Because his mother spanked him for disobedience, Willie Hatton, 7-year-old son of John Hatton, a well-to-do farmer, Monday shot and instantly killed his mother. After Mrs. Hatton had punished her son he turned upon her and in frenzy of rage exclaimed: "I will kill you for that!" He went into his father's room and got a revolver from the bureau. Returning to his mother, he pointed the weapon at her and pulled the trigger. The bullet struck Mrs. Hatton in the right side and passed through her body. When the boy realized what he had done he threw himself upon his mother's dead body, and, calling her the most endearing names he knew, told her he had not meant to kill her. The boy later recited the story of his crime to his father, who had been absent at the time of the shooting.

Arms Landed in Morocco.

Paris, Jan. 31.—Advices received today from Tangier state that the Swedish steamer Hellene has landed two rapid fire guns, 1,000 Mauser rifles, and 350,000 cartridges at a point in Morocco. The arms and ammunition were shipped from Antwerp to the Moorish pretender Bu Hamara. In diplomatic circles considerable importance is attached to this news, as the international conference now meeting at Algeciras to discuss the affairs of Morocco is at present discussing the subject of prohibiting the importation of contraband arms into Morocco, and today's dispatches throw some light on where the contraband arms come from.

Attacks French Policy.

Paris, Jan. 31.—The Gil Blas this morning attacks France's policy toward Venezuela and congratulates the United States on its cleverness in ousting France from Venezuela commercially. It says: "The French Foreign Office has been transferred to Washington, and the American lobster is coming after the Russian salad. The direct result of the commercial rupture with Venezuela will be that the orders which were formerly ours will now go to California wine growers, Chicago pork packers, and New York financiers."

Fire in an Elevator.

Butte, Mont., Jan. 31.—A portion of Senator Clark's large cooper concentrator was destroyed last night by fire, which broke out in the elevator in the west end of the building. Before the flames were extinguished, $500,000 damage had been wrought. The origin of the fire is not known. For a time it looked as though the entire plant would be destroyed. Arrangements have been made to have the ore handled at the Washoe smelter in Anaconda until the concentrator can be rebuilt.

Sullivan and Martin

Portland, Me., Jan. 31.—Tommy Sullivan, of Lawrence, and Terry Martin, of Philadelphia, went 15 fast rounds in the Auditorium last night and the Philadelphian got the decision. Sullivan was the favorite. In the first round Sullivan showed up to advantage but the next three or four were even. After that Martin continued to improve. Sullivan tried hard to recoup in the final rounds, but met more than his match.

Negroes' Fiendish Crime.

Olean, N. Y., Jan. 31.—During the absence of Franklin A. Cocks, who started this week for Panama, two negroes entered his home Monday night and attacked the man's wife and her sister, Miss Grace Rice. The women put up a hard fight for their honor. Mrs. Cocks, who had a baby three weeks old, being the weaker, was overpowered, dragged from the house and choked into submission by the negro, who criminally assaulted her. Miss Rice fought off the other negro, and, picking up the child while her assailant was looking for a club, ran shoeless a quarter of a mile away to the nearest house and summoned help. Her sister was found worn out and fainting in a field near the house. The house was found to be on fire, and it was put out with difficulty. The police soon had under arrest Albert Maybee and Frank Williams. They were identified by the women and taken to Boardmanville. There was quite a demonstration around the city building. Both were held for the grand jury. At the Erie station there were threats of lynching and the officials kept their hands on their guns.

Died Under Anæsthetic.

Plymouth, N. H., Jan. 31.—Merrill Reese, son of Captain C. H. Reese, U. S. N., whose home is at Washington, D. C., but who is now stationed at Portland, Maine, died yesterday while under the influence of chloroform at the Holderness School for Boys. Young Reese while going to a near-by moat to skate, had fallen and cut a superficial gash in his thigh, with one of his skates. As he asked to be given an anæsthetic before the wound was sewed up, Dr. Ernest Bell administered chloroform and the lad did not recover from its influence.

Steamer Strikes Floating Mine.

Berlin, Jan. 31.—The German steamer Silvia, of the Hamburg American line, which started from Vladivostok to transport 2,000 Russian troops to Odessa, when a few miles out struck a floating mine causing an explosion. The captain of the vessel closed the water tight compartments and started for the shore at full speed. He was able to beach the steamer in time to prevent her from sinking. One man was killed and twenty-six injured by the explosion.

Miss Roosevelt.

New York, Jan. 31.—Miss Alice Roosevelt will complete her shopping today. Miss Roosevelt suffered from a slight irritaton of the throat this morning, and called in Dr. Lyle, who, after treating her said that the trouble was nothing serious.

Miss Roosevelt started for Washington at 12:55 o'clock this afternoon, on the Pennsylvania Railroad, with Mr. Longworth and his sister, the Countess de Chambrun.

Arranging for Funeral.

Copenhagen, Denmark, Jan. 31.—Arrangements for the funeral of the late King Christian are not yet completed and it is probable that it will be some time before all the plans can be prepared. So many royal and princely guests are expected to attend the ceremony, that it will be impossible to house all the visitors in the palaces here. It is more than likely that some of the royal visitors will be obliged to seek accommodations at the hotels.

Death of a Confederate Veteran.

New Orleans, Jan. 31.—Col. John B. Richardson, Commander of the Washington Artillery, of Confederate Veterans, and treasurer of the Southern Pacific Railroad, died here at one o'clock this morning, aged 73 years. He was a native of Virginia, and one of the most prominent citizens here.

Disastrous Fire

Charlestown, W. Va., Jan. 31.—A disastrous fire swept the small town of St. Albans 12 miles west of here this morning, destroying $100,000 worth of property most of which was uninsured.

Turned Over to New Jersey Authorities.

Baltimore, Jan. 31.—Rufus Johnson, colored, the self-confessed murderer of Miss Florence B. Allinson, at Moorestown, N. J., January 18, who was arrested in this city, was this morning turned over to State Detective Ellis H. Parker and Deputy Sheriff Joseph N. Fleetwood, of Burlington county, N. J., and started for Philadelphia at 10:30 in their custody.

Charles E. Yocum, junior member of the Yocum-Eachus Laboratory and Chemical Manufacturing Company, of Newark, N. J., committed suicide in his laboratory office, 25 Academy street, shortly before midnight by taking a dose of cyanide of potassium.

The Last of a Debt.

On yesterday there were presented for payment the last three bonds outstanding of that portion of the public debt known as the bond issue of 1872. These bonds were for $100 each and were owned by a resident of Baltimore, Md. It will be remembered by many that in 1902, when these bonds matured, that there were outstanding bonds to the amount of $35,500, of which $5,500 were held by the commissioners of the sinking fund, leaving $30,000 to be paid on July 1, 1902, at maturity. To set aside this last named sum as an appropriation and pay that amount to the holders promptly on July 1st would have interfered with plans for streets and sewer work, and also for gas works improvements. Having met every outstanding obligation for more than two decades, and that promptly, it was determined by the committee on finance and the commissioners of the sinking fund, who under a resolution of the City Council had charge of the matter, to gradually pay off the $30,000 through the sinking fund. The plan suggested by a city officer was unanimously agreed upon, submitted to Council and adopted. The estimates made four years ago have been more than realized, although anticipated, and while $850 was placed as the amount which would have to be paid in interest, under the plan, yet, only $300 has been necessary, and now that all of the bonds are held by the commissioners of the sinking fund, the whole amount, $35,000, will be surrendered to the finance committee, and this class of our debt pass out of our fiscal affairs.

Death of Mr. Cockrell.

Mr. Benjamin H. Cockrell, an old and much esteemed resident of this section, died at the home of his son-in-law, Mr. S. B. Stannell, in Prince William county, at 2 o'clock yesterday afternoon. The deceased would have been 88 years old on the 28th of February next. He was a native of Prince William county, and during his long life had lived at times in both Fairfax and Prince William. Mr. Cockrell was well-known in Alexandria, and he enjoyed an extensive acquaintance in all this section of the country. He leaves eight children—Messrs. Charles A., F. A. and E. L. Cockrell, and Mrs. Irene Taylor, Mrs. Myrtle Dawson, Mrs. Nettie Stonnell, Mrs. Lee Ashford and Mrs. May Haislip. The funeral will take place from the union railway station tomorrow at 12:30 p. m. and the interment will be in Bethel cemetery. Rev. J. P. Stump will conduct the services. The pallbearers will be Messrs. Lindsey and Charles Dawson, Frank, Herbert and Henry Cockrell and Alex. Taylor, all grandchildren of the deceased.

New River Landing.

Russell's wharf, the new pier on the Wicomico river in St. Mary's county, Md., which has recently been established, is completed and is now ready for use. The new pier is located about five miles from the Potomac, and is about four miles higher upstream than either of the piers now in the Wicomico. It is located on the site of an old wharf which shortly after the civil war was one of the heaviest shipping points on the Potomac, but for some reason was allowed to go to decay. The wharf will be used by the steamers running between Washington, Alexandria and Baltimore.

Still at Work.

Mr. S. G. Brent, Commonwealth's Attorney, says the authorities are still working assiduously on the Curtin murder mystery, and there will be no relaxation of their labors until the murderer or murderers are placed behind the bars. The examination of certain suspects in the Police Court last week, together with a large number of witnesses naturally increased the interest which had previously been incited by the discovery of the mutilated body of the unfortunate man, and the authorities will leave no stone unturned in their endeavors to bring the guilty parties to justice.

Indicted.

William R. Pruitt, indicted for murder in the second degree in connection with the death of William H. Steele, last June, was placed on trial this morning in Criminal Court No. 1 in Washington. The tragedy occurred in Twining City, where the accused and a party of friends, including the deceased, had assembled. A quarrel arose and Pruitt is alleged to have shot Steele in the stomach, causing a wound from which, it is alleged, Steele died the following day. Pruitt is a native of Alexandria, where he he spent his boyhood days.

Attempted Burglary.

Two men attempted to force their way into a dwelling on Patrick street, near Queen, last night. One of the occupants of the house was awakened by the noise of the burglars and procuring a pistol he discharged it at them, which caused the robbers to run. It could not be learned whether the men were white or black.

Charged With Promoting Policy

Officers Knight and Nicholson today arrested Wesley Carter and Howard Wright, both colored, charged with promoting policy. The accused were locked up and their case will be disposed of tomorrow by the Police Court.

The May Hillman Company.

"Flood Tide," a five-act melodrama, was presented at the Opera House last night to another crowded house. The drama abounded in pathos and humor, the scene of the struggle between "Dr. Carleton" (Wayne Lyter) and "Tom Manley" (George Rosener) being realistic and arousing considerable enthusiasm. May Hillman as "Jess Long" made a very lovable fisherman's daughter and Murial Aldrich as "Faith," a cripple, was very good. Chas. Leclau and Allen Burdette handled the comedy roles in an excellent manner. The show last night was pronounced the best one so far, and was produced without a hitch, something unusual for companies playing a different piece each night. The specialties last night were decidedly entertaining, and were thoroughly enjoyed, especially the illustrated songs, which were well-sung and beautifully illustrated. "'Neath the Pines of Old Vermont" and "A Little Boy Called Taps" were the songs produced last night. Tonight the company will present one of the best pieces in their repertoire, "The Little Duchess," a drama complete with many good comedy lines. New specialties will be introduced, including new illustrated songs.

The disorder at the Opera House this week has been complained of and good behaviour should be enforced. A few arrests in the southeastern end of the gallery would have a tendency to promote better order, and the policemen present, whether on duty or not, should render the proper assistance to the special officer. This disorder is caused by a few well known characters who should be promptly arrested and fined.

Personal.

Mrs. L. T. Hanckel left today for Alexandria to visit her daughter, Mrs. Marshall King.—[Charlottesville Progress.

Mr. and Mrs. Isaac Fichberg announce the engagement of their daughter Miss Florence Kal, to Mr. Bernard Walter Ehrman, of Washington.

Among those who will attend Governor Swanson's inauguration tomorrow are Judge Barley, Dr. W. M. Smith and Messrs. C. C. Carlin, W. B. Smoot, S. G. Brent, F. P. Russell, W. U. Varney, Frank Hume and J. E. Clements.

The Iroquois Club has issued invitations for its second dance, to be given at McBurney Hall, Monday evening, February 5, at 8:30 o'clock. Admittance by invitation only. The committee consists of Dew. H. Milstead, E. F. Tiger and L. L. Ferguson.

Mr. John Travers is confined to his home on south Henry street by indisposition.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Charles Jackson and Joseph Jones, both colored, arrested by Officer Jones charged with petit larceny, had their cases continued.

Frederick Wheland, arrested by Officer Jones charged with disorderly conduct, was ordered to leave the city.

Henry Jackson, colored, arrested by Officer Garvey charged with stealing lumber from Hugh Strider, was fined $5.

John Wilson, William Fry and Elijah Taylor, all colored, arrested by Officer Lyles charged with stealing grain from Walter Roberts, were sent to jail for four months.

Tafe Green, Llewellyn Lane and French Lewis, all colored, arrested by Officers Knight and Nicholson charged with vagrancy, were fined $2 50 each. Peter McClure, colored, arrested by the same officers on a similar charge was dismissed.

Abolition of Gatekeepers.

The railroad gatekeepers on Fayette street will cease to exercise their duties as such after 12 o'clock tonight. In future all cars passing up or down that thoroughfare will be preceded by a flagman, in accordance with the requirements of the ordinance recently passed by the City Council. Cars consigned to the Fayette street depot, the glass works and the Portner Brewery still pass over Fayette street.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 3 o'clock at the Children's Home, on Duke street.

The regular weekly prayer meeting will also be held tomorrow night at 7:30 o'clock at the Children's Home on Duke street.

Lincoln's Birthday.

The colored people of this city are making arrangements for the observance on the 12th of February, the anniversary of the birth of Abraham Lincoln. There will be no parade on the occasion, but appropriate services will be held in one of the colored churches. Speakers from other cities will be present.

LOCAL BREVITIES.

Another vehicle was overturned at Spring Park Monday night. Fortunately the occupants escaped injury.

Samuel Dunlap, employed in the Southern Railway yard in this city, sprained his left ankle while at work last night.

During the month the clerk of the Corporation Court has recorded 62 deeds and issued 35 marriage licenses—26 to white and 9 to colored persons.

Monday night, Feb. 5th, there will be a social given by the Woman's Christian Temperance Union, at Lee Camp Hall. There will be amusements, music and ice cream.

Fifty-ninth Congress.

Washington, Jan. 31.

SENATE.

The foreign policy of the administration was vigorously handled in the Senate today by Mr. Patterson, of Colorado.

Previous to his remarks Mr. Tillman asked immediate consideration for a resolution, which he presented, calling upon the President to send to the Senate all dispatches received by the State Department during the year 1904, from the United States Minister or other representatives of the government at Santo Domingo.

Upon objection of Mr. Allison, it went over.

Mr. Patterson declared that he was against the President's Philippine policy. Of the Statehood contest, he charged that the President's influence was being used to inflict a great injustice upon a splendid and defenceless people. But he was loud in his praise of the President's "fearless fight for the rights of all the people, against the wealthy classes which are opposing the people." He pointed with pride to the present legal fight the President was conducting in Chicago, "against a coterie of the wealthiest and most powerful men in the United States" and heaped encomiums upon the executive "for his courageous struggle" for railway rate legislation. "The President is carrying on a struggle the like of which has not been known since the time of Andrew Jackson's fight against the Money interests," he declared. He expressed the hope that all democrats would unite with the executive in that contest. In touching upon the Monroe doctrine, he said he believed in a robust, manly unqualified support of it in its broadest score. He held that doctrine to have been a greater document than the Declaration of Independence, for while the latter affected but thirteen states, the former declared the independence of the entire western hemisphere.

HOUSE.

Although the House debate on the railroad rate question is more or less perfunctory, it is to be enlivened in a number of ways, mainly by onslaughts on the rapacity of corporations. Some speeches will be heard on the other side however, McCall, of Mass. Sibley, of Pennsylvania, and several others having secured time to deliver speeches in opposition to the pending Heburn bill.

The debate was resumed in the House today immediately after the reading of the journal, and Representative Campbell of Kansas, who distinguished himself, at the last session by putting a resolution through the House providing for an investigation of Standard Oil methods, took the floor. He confined himself in the main to exposing the evils resulting from the operation of private car monopolies.

Apportionment Increased.

The State Military Board met last week and apportioned the military fund for the year. One of the most important actions of the board was the increase in the apportionment to the companies, which amounted to $1 per man present at the annual State inspection. Formerly $3 per man was allowed, and it is now increased to $4.

The sum of $7,508 54 was alloted to the various companies, and $6,000 for the expenses of the military administration, with the exception of the Adjutant General's salary.

Eclipse of the Moon.

In the early morning of February 9 a total eclipse of the moon will occur which will be visible throughout the whole of the United States. The moon will enter the earth's shadow and the eclipse will begin at three minutes before 1 a. m., eastern standard time. The eclipse will become total at two minutes before 2 and remain total for 1 hour and 38 minutes, at the end of which time the moon will begin to emerge from the shadow, the eclipse ending at 37 minutes past 4.

It is believed that the question of adjutant-general, which has to be filled by the governor, has narrowed down to two candidates: Gen. Charles J. Anderson, of Richmond, and Col. A. M. Higgins, of Norfolk.

February's McClure's has been received from its publishers in New York and is replete with interesting reading matter. Its leading article, "Two Year's in the Arctic," is illustrated with the author's photographs. How Armour monopolized the fruit transportation, business in America is explained in "Railroads on Trial." "The Gentleman from Essex" gives the story of Everett Colby, of New Jersey. "Reminiscences of a Long Life," by Carl Schurz, grows in interest with each instalment. The fiction of this number is excellent, Lloyd Osborne, Stewart Edward White, Ralph Paine, Marion Hill and others contributing.

The Gazette.

The Alexandria Gazette has reached the one hundred and sixth year of its existence, having seen the light of three centuries. The Gazette chronicled the death of General Washington on the 14th of December, 1799, being contemporary with the Virginia Herald, of Fredericksburg, which was started by Timothy Green, and went to its patrons at the date draped in deep mourning for the great Washington. We desire to join our congratulations and commendations with those of the Fredericksburg Free Lance in its declaration that "while with most of us age brings on weak knees and general decrepitude, not so with the Gazette. As it enters its 107th year it is bright and newsy as ever, and was never weak-kneed on any subject it ever espoused.—[Charlottesville Progress.

Forced to Starve.

B F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At E. S. Leadbeater & Sons' drug store; only 25c.

SUN DRIED APPLES just received by J. C. MILBURN.

Alexandria Gazette.

WEDNESDAY EVENING, JAN. 31, 1906.

Mr. Hill's Observations.

James J. Hill, president of the Great Northern Railroad, who arrived in New York from the West Monday indulged in some of his characteristic comments when asked for his opinion on the general business conditions of the country

"The country," observed Mr. Hill, "is like a boy who has inherited a fortune—one that he hasn't helped build up by hard work—and is spending it freely. He's extravagant with his principal. That is our position as it strikes me. We's heard a great deal of talk in recent years of the immense value of our Oriental trade. Well, look at the returns. They show, I believe, that we buy annually about $50,000,000 worth from Japan, while the Japanese take about $26,000,000 worth from us. With Great Britain it is just the other way. She buys very little from Japan and sells a great deal. Look at the balance of trade. That is the only means of judging what we are doing. And the balance in our favor is comparatively small. We have had several wars in the last few years that have kept things stirred up. There was the Boer war and the Russo-Japanese war. They kept trade down, because all nations are now so closely bound together that what hurts one is injuri us to all. Now there has come a period of peace and we can look about us to estimate our true position. I don't want to mention overproduction, because it I say anything about that people will call me a 'croaker.' But look at the situation in England. There are 1,500,000 or 1,250,000 unemployed. They haven't got work, they can't get it, and they won t get it. They'll simply have to move out."

"To Die is Foolish."

"Why Die?" is the subject of a mysterious booklet by "Cornwell Round," published in London on Friday last in which the author professes to have discovered the secret of perpetual life. "The very fact that a person is ailing and aged shows that, through ignorance, he has in some way mismanaged his bodily affairs," Mr. Round declares. What everybody has to do," we are told, "is to overcome the death instinct." One of the ways this can be done is by "writing on incense paper, 'Health is natural,' or some other affirmation which you wish to impress on yourself; ignite the paper and hold yourself in a mentally relaxed, passive condition, then the perfume will tend to convey the associated suggestion to your mind. When man has learned to overcome his death instinct, and so prevent the senile changes which lead him to his involuntary suicide, there will still remain microbes, wild animals, accidents and the violence of his fellowman. As to the microbes and the wild animals, the stronger in body and more alert he becomes the better able he will be to resist them. Let us avoid reading tales that end badly or witnessing maudlin dramatic tragedies or recapitulating them in our thoughts. In fact, such mental virus which is the expression of morbid minds should be, as noxious drugs are, marked with a poison label in the interest of the unwary."

Cut at a Dance.

News was received at Harrisonburg yesterday of a serious cutting affray in North Mountain, two miles west of Ottobine, in Rockingham county. The participants in the affair were John Curry and George Hardeshel, each about seventeen years of age. Curry received a severe cut six inches in length in the back and side. A mountain dance was in progress Saturday night and liquor had been freely distributed. Toward midnight Curry and Hardeshel had some trouble. Friends interferred, but the quarrel was renewed later, resulting in Hardeshel thrusting a knife under Curry's shoulder blade, severing the muscles. Curry walked six miles to a doctor's office, where two physicians bound up his injuries. He started back to his home, but collapsed before he had gone half way. No arrests have been made.

Bent Her Double.

"I knew no one for four weeks when I was was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was re cued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure, stomach, liver and kidney disorders; at E. S. Leadbeater & Sons' drug store; price 50

Stomach Troubles and Constipation

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.
